

Ref: ENDA9 - 1

The Foresters' Fund For Children was created to award grants to groups and organisations involved in the care, protection and well being of children and/or their carers in your local area.

These grants have been used in many ways, such as the provision of healthcare, life saving medical equipment, etc. The Fund has also sponsored and supported child based initiatives such as anti bullying awareness, drug awareness, child bereavement counselling and domestic violence counselling. This list is representative and by no means exhaustive.

Often, these grants are the only significant source of income for children's organisations to obtain the means or equipment they need to pursue their activities for the benefit of the children in West Yorkshire.

The Foresters' Fund For Children relies on donations and contributions from businesses and individuals. Donations can be made through our fundraisers, Vardis, who sell advertising space in publications they produce on behalf of the fund. This is our main source of sponsorship and allows us to save and improve thousands of lives every year.

We are extremely grateful to Enem Holistic Hypnotherapy and all of our donors. Without such generosity, the Foresters Fund For Children could not continue the valuable work it is able to do on behalf of children in the UK.

Tom Ball

A handwritten signature in black ink, appearing to be 'Tom Ball', written over a white background.
